BBNG's Annual conference,

Mr. Shripad Kulkarni
Founder, President- BBNGA

Mr Yogendra Puranik

a Gazetted Officer in the Civil Service of Japan;

Mr Anand Ganu

Chairman of Garje Marathi Global LLC, USA;

Mr Vishwasrao Pathak

Director of Maharashtra State Electricity
Distribution Company Limited (MSEDCL);

Mr Vivek Deshpande

of Rudrani Infrastructure; and Mrs Shefali Tai Bhujbal graced the event with their esteemed presence. Additionally, renowned chef Vishnu Manohar's contribution left the audience in awe.

The conference facilitated extensive knowledge exchange, business collaborations, and personal interactions, with 718 B2B meetings and numerous one-on-one discussions. Participants, ranging from five to seventy years old, contributed tirelessly to the event's success, embodying the spirit of "Atithi devo bhava" (अतिथी देवो भव) by treating guests with utmost respect and hospitality.

BBNG's ethos, emphasizing societal contribution alongside business success, resonated deeply, fostering a sense of joy and fulfilment among attendees. The organization's expansion across cities and countries, along with its commitment to mutual support and camaraderie, underscores its nonprofit nature and dedication to professional advancement.

In closing, heartfelt gratitude is extended to all colleagues, committee heads, and participants for their exceptional contributions to Parivartan 2024. With folded hands, the message echoes: may the grace and spirit of BBNG continue to flourish, and may we meet again in Chapter meetings, furthering our collective journey towards progress and unity.

Parivartan 2024, took place on February 4th in Nashik, leaving a lasting impact on attendees with its ethos and ideals. It wasn't merely a business gathering but an event aimed at fostering awareness of Bharat's rich culture, traditions, and identity. The conference marked the inception of the Vedokta (वेदोक्त) concept of Vasudhaiva Kutumbakam (वसुधैव कुटुम्बकम्) by the Brahmin community, emphasizing the unity of all Brahmins as one family.

Commencing at 9 am with shlokas & chants, the conference concluded at 7 pm with Pasaydan, witnessing a packed hall till the end—a testament to the remarkable enthusiasm & love for BBNG showcased by all participants. Parivartan transcended being a mere gathering of Brahmin professionals; it was an embodiment of Vasudhaiva Kutumbakam, exemplifying the unity of the Brahmin community.

Distinguished personalities like

Hon. Gitanjali Kirloskar

Chairperson and MD of Kirloskar Systems Private Limited;

Mr Ravindra Sathe

Chairman of Khadi Gramodyog Mandal;

Sunil Deodhar

a Senior Bharatiya Janata Party leader;

Dr Ashok Joshi

Founder of Microlin LLC in the USA;

Uday Nirgudkar

Director of the National Hydro Electric Power Corporation (NHPC);

Dr Vijay Joshi

of DRS Consulting in Sydney, Australia;

Mr Ashok Katariya & Mr Sanjay Londhe

of Ashoka Buildcon;

Parivartan 2024

Mr. Arvind Korhalkar
Gen. Secretary and
Exe. Director, Sustainance

leaves a lasting impression on those who attend, standing tall as a beacon of intellectual exchange and cooperative visioning. Geographical barriers were broken by this transcending assembly, which is an example of the universal fact that knowledge has no bounds. It was a gathering of global leaders that captured the spirit of an international conversation.

Among all the encounters, two from Parivartan 2024 stood particularly memorable. **Mr. Uday Nirgudkar's panel discussion** sparked insightful conversation on urgent topics, & the last session on branding & advertising emphasized the critical role that good communication plays in today's cutthroat business environment.

When considering the valuable lessons learned from Parivartan 2024, its worldwide reach continues to have a significant impact. The conference's support base extended well beyond Maharashtra, confirming its inclusive character. It sheds light on how intertwined everything is in our world and emphasises how important international cooperation is.

For those who missed the conference, a poignant message lingers: **opportunities like Parivartan are not mere events but invaluable investments in enlightenment & growth.** Each moment seized is a stride towards progress, as evidenced by the conference's rich tapestry of ideas and insights.

To the diligent working committee behind Parivartan 2024, accolades for their stellar teamwork and coordination are due. While commendable, there's room for enhancement. Looking ahead to Parivartan 2025, extending the conference to two days & diversifying subject matter to encompass both micro and macro industries could enrich the experience, fostering deeper engagement and catalyzing transformative change. In essence, Parivartan 2024 epitomized progress through dialogue & collaboration. **As we eagerly anticipate Parivartan 2025, let us carry forward the spirit of innovation and exchange that defines this remarkable platform.**

In conclusion, as we bid adieu to the illuminating insights and invigorating discussions of Parivartan 2024, let us carry forward the spirit of change and unity it embodied. Let us harness the power of knowledge, collaboration, & innovation to forge a brighter, more interconnected future for all.

4 different countries, 8 different states within India, & 16 districts in Maharashtra.

Dr. Abhijeet Chande
Captain - Parivartan 2024

On 4th February 2024, more than 1000 Brahman entrepreneurs were present to Learn, Network & Grow together at BBN Global 8th international conference held at Nasik

It gives me immense pleasure to lead Parivartan 24. I recall working as a volunteer at the first conference, which was held in 2016. BBNG has taught me a lot in the past few years. During my previous years in BBNG, I held various positions at the chapter and regional levels. During those years I learned a lot. Importantly, in these years, I transformed myself from a member to a leader.

This Parivartan was successful in many aspects. The registration was closed almost 10 days before due to an overwhelming response from all the chapters. The world-class speakers delivered words of wisdom. The time management was perfect. The B2B was excellently well-organised and fruitful for those who participated. I am sure every delegate has lots of takeaways which were in the form of knowledge, connections and of course gifts.

Although the Host chapters were from Nashik, every chapter supported this which resulted in Grand success.

I am sure a benchmark is set But I am sure that the benchmark will be exceeded in the next Parivartan. The records are set to break. I once again thank all for their tireless efforts and support.

I am thrilled to have been part of the **BBNG Parivartan event that took place on February 4th in Nashik.**

Shweta Inamdar
RD & Women's Wing Head

This marks my attendance for the third consecutive year, & each time, I've gained valuable insights & experiences. Among the many highlights, what stood out the most were the engaging sessions led by NRI speakers.

The opportunity to connect with them has immense potential for my business in ready-made blouses. The entire Parivartan event was executed flawlessly, leaving a lasting impression. The seamless flow, impeccable management, delectable food, and positive atmosphere contributed to an unforgettable experience.

One particular moment that resonated with me was the speech by Mr. Yogendra Puranik from Japan. His humble anecdote about distributing leaflets while campaigning for elections exemplified the importance of staying grounded regardless of one's stature or position in society. **This lesson is invaluable and serves as a reminder that humility paves the way for greater success.**

I urge those who missed the conference to make it a priority next time. The networking opportunities and insights gained are invaluable for personal and professional growth. As the event moves to Chhatrapati Sambhaji Nagar next year, we all have high expectations & are committed to supporting the organizing team in any way we can, whether it be through generating leads, facilitating registrations, or aiding in advertising efforts.

Thank you for affording me the chance to participate, & I look forward to the continued success of BBNG Parivartan

It is always exciting to attend Parivartan year after year.

Nandan Gumaste

After the fantastic experience of 2023, I was very, very eager to attend the Parivartan at Nashik.

As my interest lies in the organization of any event, I look at the organizing skills that are demonstrated at the event.

It was very pleasant to know that the tickets were all sold out eight days before the event. When we reached over there, the registration process was done.

The registration process was extremely smooth & simple. There were a lot of counters over there, and there was no rush. There was no chaos. Everything went smoothly.

They handed over a beautiful takeaway with the bag and everything.

When we reached the auditorium & when the event started, all the events took place very, very smoothly. Each item on the agenda was wonderful, and there were a lot of takeaways from every speaker. I was very impressed by Dr. Ashok Joshi, who came from the USA.

As usual, Dr Uday Nirgudkar’s interview of the three dignitaries who came from different parts of the world was magnificent.

There were a lot of takeaways. There were a lot of lessons learned from one of them, Garze Marathi, from Mr. Puranik, who came from Japan. And so it was a very highly enjoyable experience.

Overall, taken as an experience, it was magnificent. I want to commend Mr. Abhijit Chande for organizing a wonderful, magnificent event, with huge takeaways, and huge learnings, & I’m sure that each one of us will be able to take the learnings from Parivartan & grow our businesses to the next level.

Thank you so much. And again, I would like to commend Abhijit Chande.

WE MAKE JOURNEYS MEMORABLE.

BBNG Chronicles: Unveiling the Triumphs of Parivartan 2024

Vaishali Sayande
Indira Nagar chapter member

Parivartan 2024 was an absolute game-changer! What an incredible conference! I'm beyond grateful for having had the chance to attend such a monumental event. **Parivartan, meaning 'Transformation', encapsulated the essence of what BBNG stands for – shifting our community from being merely employees to becoming empowered entrepreneurs.** This year's conference was a beacon of inspiration, teaching us invaluable lessons:

Firstly, the impeccable management displayed throughout the conference was awe-inspiring. Despite the massive scale of the event, there was not a hint of chaos thanks to the efficient organization.

Secondly, witnessing the meticulous preparations firsthand was a privilege. From selecting dates and venues to forming various committees, every decision was made with careful consideration of each individual's interests and abilities. The leaders of these committees were exceptionally talented, navigating through challenges with ease and developing strategies flawlessly.

A special shout-out to the Registration Team whose dedication ensured seamless communication with every participant. The involvement of all BBNG chapters, coupled with relentless follow-ups and unwavering dedication, truly showcased the strength of our community.

Our "captain cool" deserves immense appreciation for his leadership style – giving complete freedom to each team to work according to their thought processes, without ever imposing pressure. It was truly heartening to see the BBNG army in action, with each member contributing their best.

The Sponsorship Committee played a pivotal role in securing the necessary funds for the conference, while the Souvenir Committee added an extra touch of class to the event.

What truly blew my mind was the opportunity to rub shoulders with successful entrepreneurs and industry leaders from the USA, Japan, Australia and UAE. Witnessing their energy and greatness firsthand, as they shared their stories & insights, was truly awe-inspiring.

I must say, that our President, Mr. Shripad Kulkarni, is a magician who turns the impossible into possible. Despite his busy schedule, he always ensures that every member receives the best support and guidance. A heartfelt salute to his unwavering dedication to making BBNG the powerhouse that it is!

To everyone in BBNG, I wish you the very best of luck in all your endeavours. Here's to many more transformative experiences like Parivartan 2024! Thank you!

Himanshu Kulkarni

This was my second time attending Parivartan,

And it felt like stepping into a sold-out theatre for a limited-seat show. The energy was palpable, buzzing with anticipation and excitement. As I looked around, it was evident that Parivartan was not just a conference; it was a movement, a gathering of like-minded individuals driven by the pursuit of success.

With each passing year, Parivartan continues to exceed expectations, its influence spreading far and wide through the tales of triumph shared by successful entrepreneurs. From humble beginnings to extraordinary achievements, the stories resonated with everyone in attendance, igniting sparks of inspiration and ambition.

Listening to these proficient entrepreneurs was akin to being mentored by the best in the business. Their insights, experiences, & invaluable advice served as guiding lights for those of us navigating our entrepreneurial journeys.

As I left Parivartan, I carried with me not only newfound knowledge but also a renewed sense of determination and purpose. It's events like these that remind us of the boundless possibilities that await those willing to chase their dreams relentlessly.

BUSINESS OPPORTUNITIES IN LATIN AMERICA & CARIBBEAN COUNTRIES

Every Entrepreneur's dream is to expand and reach his or her business outside the country. BBNG has extended their hand for this. Our visionary President, Shri Shripad Kulkarni ji has taken a great step to support this and in collaboration with one of such organization, GIBF, [Global India Business Forum], a Business Conclave was arranged.

This Grand conclave was arranged at Hotel Ramee Grand, Apte road, Pune, on 02 March 2024. It was a great ambience and Almost more than 150 business persons attended this.

Glimpses of the Event :-

1. The President of GIBF, Dr Jitendra Joshi and his team, alongwith the Delegates Inaugurated the event.
2. Dignitaries of More than 10 Latin American countries attended as Delegates. A few countries were Mexico, Brazil, Cuba, Peru, Chile, Uruguay, Guyana, El Salvador, Venezuela, Coasta Rica, etc.
3. The presentations given by the delegates mentioned the special features, facilities and their needs for Import/Exports. A few of them already have collaborations with Indian companies, like Infosys, Wipro, TCS, Tech Mahindra etc.
4. After our success of Covid vaccines and providing the vaccine to needy countries, the World is looking forward to India with hope and confidence. So, these countries have expectations from our India. As an example, Venezuela is fascinated towards our Spirituality, Yoga, Natural and Ayurvedic medicines etc.
5. These countries want to enhance Import & Export from India. Also Investments in their companies, promoting Tourism, Farmaceuticals, Automobiles and Green, Renewable energy.

This was an excellent exposure to the Carribean world, connecting their officials and opportunity to grow business. I could interact a few words with some of them. It was a learning experience which widened my perspective.

The program was very helpful for the enterprenuers who wish to go for Exports.

§India is getting Global and we are stepping into it and expanding our Horizon, making our community, as Global Business Community.

Dhanyawad

Bhagyashree Alur, BBNG Aundh Chapter, Pune.
